

Make your Greeting Cards Shine!

Special Finish elements take your brand to the next level. Make your customers feel extra special with tactile Spot Gloss or Metallic Foil that really stands out against the paper's velvety Soft Touch coating.

Product features

- **Metallic Foil finishes**
Use Gold or Silver Foil elements on the outside of your Greeting Card design to dial up your brand's luxury message and to create a memorable impression.
- **Tactile Spot Gloss/Raised Spot Gloss**
Outshine the competition with light-reflecting, transparent design accents. It's a super glossy way to enhance your designs and contrasts with the silky matte paper.

Product features

- **Outside (printing side)**

Optimized for superior print results, the Soft Touch laminate protects the printed artwork and allows the addition of special finishes (Spot Gloss, Raised Spot Gloss and Foil).

- **Inside (writing side)**

Features a natural, tactile feel and offers a great surface for writing (for adding that personal touch), whilst maintaining the paper's outstanding print qualities.
